PROFESSIONAL SUMMARY

Full-stack developer with hands-on experience building React frontends and PHP / Python / MySQL backends for e-commerce, real-estate, travel and SaaS clients. Comfortable owning a product from requirements to deployment, with a delivery mindset shaped by project-coordination roles.

CORE COMPETENCIES

- React, JavaScript (ES6+), HTML5, CSS3, Three.js
- PHP, Python, MySQL, MongoDB, REST APIs
- E-commerce, CRM and business-website builds
- API testing and validation with Postman
- Technical SEO, GA4 and Google Tag Manager
- Deployment on Hostinger, cPanel and AWS

PROFESSIONAL EXPERIENCE

Project Coordinator Nov 2025 – Present
BIG Language Solutions · Noida, India

- Coordinate API-level validation (Postman) with engineering to reduce research-to-production handoff risk.

Technical Project Coordinator (Contract) Mar 2025 – Nov 2025
MRCC Group · Noida, India

- Drove Moodle theme customisation and plugin development for client LMS engagements.

Junior Software Developer Mar 2024 – Feb 2025
Bcloud Web Services Pvt. Ltd. · Noida, India

- Backend development in Python, PHP and MySQL, plus API integration.
- Wrote SQL for data handling and coordinated with the team to hit delivery timelines and quality expectations.

Program Manager Jan 2023 – Mar 2024
Kinetic Sage Technologies · Mathura, India

- Delivered client builds including the YFP Bikaneri e-commerce store and a real-estate property CRM.

SELECTED PROJECTS

- YFP Bikaneri** (E-commerce, yfpbikaneri.com): An online store for traditional Indian sweets and namkeen, with category browsing, combos and festive collections.
- MaxLift UAE** (Business website · Catalogue, maxliftuae.com): A product catalogue site for a lifting and material-handling equipment supplier serving construction, marine, offshore and industrial clients across the UAE.
- DataBridge CRM** (SaaS · CRM / ERP, databridgecrm.com): Product site for an all-in-one SaaS that combines industry-specific CRM and ERP suites with marketing and AI tools.

EDUCATION

- B.Tech, Computer Science Engineering**, GL Bajaj Group of Institutions (2021 – 2025)
- Senior Secondary (XII), PCM**, Kendriya Vidyalaya (2020 – 2021)

CERTIFICATIONS & ACHIEVEMENTS

- Supervised Machine Learning: Regression and Classification (Issued Mar 2026)
- MongoDB for SQL Experts (MongoDB · Jun 2024)
- Data Science Master Program (Python data analysis & predictive modelling)
- Winner, IEEE PES Day Innovation Ideation 2024 (Award)
