PROFESSIONAL SUMMARY

Technical project coordinator with experience across AI/ML data workstreams, LMS implementation and web delivery. Plans scope and schedules, tracks risks and quality, and keeps Engineering, QA, Product and client stakeholders aligned. Developer background in Python, PHP and SQL.

CORE COMPETENCIES

- Scope, schedule and milestone planning
- Stakeholder reporting to senior leadership
- Risk identification and mitigation
- Agile / SDLC delivery, UAT coordination
- Quality tracking, KPIs and variance analysis
- MS Excel, PowerPoint, Teams, Postman, SQL

PROFESSIONAL EXPERIENCE

Project Coordinator Nov 2025 – Present
BIG Language Solutions · Noida, India

- Track project data, issues and timelines across multiple concurrent AI/ML data and evaluation workstreams.
- Own quality tracking for data-labelling and evaluation deliverables and report findings to stakeholders.
- Coordinate API-level validation (Postman) with engineering to reduce research-to-production handoff risk.

Technical Project Coordinator (Contract) Mar 2025 – Nov 2025
MRCC Group · Noida, India

- Built and tracked schedules and scope plans for Moodle LMS implementation and plugin development.
- Delivered a national Moodle e-learning LMS for a government client end to end: requirement gathering, SRS drafting, development, UAT and go-live.
- Monitored quality and performance metrics with Google Analytics and Tag Manager, reporting variances to leadership.

Junior Software Developer Mar 2024 – Feb 2025
Bcloud Web Services Pvt. Ltd. · Noida, India

- Wrote SQL for data handling and coordinated with the team to hit delivery timelines and quality expectations.

Program Manager Jan 2023 – Mar 2024
Kinetic Sage Technologies · Mathura, India

- Managed end-to-end program execution across cross-functional teams and stakeholders.
- Tracked progress and issues, escalating and resolving risks to keep deliverables on track.

SELECTED PROJECTS

- **YFP Bikaneri** (E-commerce, yfpbikaneri.com): An online store for traditional Indian sweets and namkeen, with category browsing, combos and festive collections.
- **Property CRM** (Custom CRM): A complete internal CRM for a real-estate company: plot inventory, clients, billing and broker commission slabs in one place.

EDUCATION

- **B.Tech, Computer Science Engineering**, GL Bajaj Group of Institutions (2021 – 2025)
- **Senior Secondary (XII), PCM**, Kendriya Vidyalaya (2020 – 2021)

CERTIFICATIONS & ACHIEVEMENTS

- Supervised Machine Learning: Regression and Classification (Issued Mar 2026)
- MongoDB for SQL Experts (MongoDB · Jun 2024)
- Data Science Master Program (Python data analysis & predictive modelling)
- Winner, IEEE PES Day Innovation Ideation 2024 (Award)
